PT03

- Designed to use mopping in pre-impregnation mode
- Range covers disposable or microfiber mops
- Trolley material in recycled plastic

Cleaning is consistently evolving, as we seek to meet higher hygiene standards ever more effectively.

IPC is closely connected to the latest and best practises of cleaning and is committed to deliver new solutions that boost cleaning efficiency, addressing those areas and tasks that are evolving fastest.

We have thus developed a complete range of new solutions, responding to the latest precautionary practises focused to protect communities all around the world.

Hygiene Trolleys

The new PT (Pre-Treated) series is a carefully studied range of trolley where we have put in first place operator safety. The products are design to use both disposable and microfiber mops.

- 1) **Dedicated accessories for operator safety.**
Easy to reach glove holders and liquid dispenser for frequent hand protection.

- 2) **Complete Pre-impregnation range.**
Three products designed from narrow spaces to large areas respecting sanitary protocols.

- 3) **New colour RAL7044.**

Hygiene Trolleys – *Operator safety accessories*

Easy to reach glove holders and liquid dispenser for frequent hand protection.
Operator working plan always visible.

Gel bottle holder:

90 mm diameter holder that contains practically all commercial dispensers on the market.

Gloves or Mask box holder:

Positioned in easy to reach areas of the trolleys.
Can contain 260 mm x 90 mm boxes.

Operator working plan holder:

Positioned in front of operator eyes, contains A4 paging
and protect document thanks to its transparent protecting film.

Hygiene Trolleys – PT 01

Studied for narrow spaces and designed to help operators to save time during the preparation of disposable and microfiber wipes/mops directly on site.

**CODE: CARR03166 (disassembled)
CARR003173 (assembled)**

PT 01 includes:

- *Gel bottle holder*
- *Gloves or Mask box holder*
- *Operator's working plan holder*
- 4 x 100 mm. Castors
- Lid for bag holder.
- 2 x 70 l. bag holder
- 2 Safety sign holders
- 2 Plastic holder for handle
- 1 Rubber holder for handle

Pre impregnation system includes:

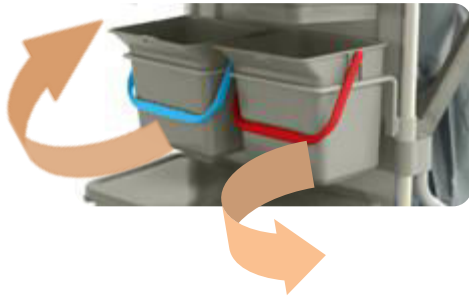

- 2 pivoting bucket of 6 l.
- 2 sealed buckets of 22 l. with lid
- 1 Stainless steel impregnation grid

Grey is green
(Neutral recycled plastic)

Hygiene Trolleys – *PT 01 other features*

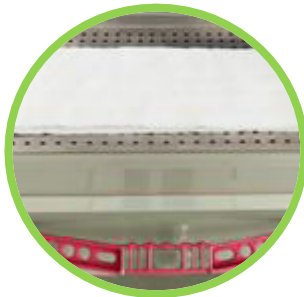

6 l pivoting buckets:

Practical system to allow easy access to the operator from both sides of the trolley. At the same time when in close position buckets remain compact inside the trolley dimension.

Holders for handles:

Two in plastic and one in rubber in order to easily clip handles of various types of accessories

Sealed buckets:

Sealed bucket to avoid any liquid spinning. Stainless steel grid guarantees hygiene and durability.

Hygiene Trolleys – PT 02

Studied for areas respecting sanitary protocols, with closure panels and drawers. Equipped to use disposable mops and clothes.

PT 02 includes:

- *Gel bottle holder*
- *Gloves or Mask box holder*
- *Operator's working plan holder*
- *1 Cover bag*
- *1 Door with metal key*
- *2 drawer (1x40 l – 1x20 l)*
- 4 x 100 mm. Castors (includes break)
- Lid for bag holder.
- 2 x 70 lt. bag holder
- 2 Safety sign holders
- 2 Plastic holder for handle
- 1 Rubber holder for handle

Pre impregnation system includes:

- 2 bucket with lid. (6 l)
- 1 Upper pre impregnation container of 9 l. with lid and integrated pushing handle.
- 1 Lower pre impregnation container of 9 l. with lid.
- 1 Stainless steel impregnation grid
