

ALL IN ONE

VACUUM TO SPRAY

- Vacuum-spray, double function machine.
- Injection/extraction functions included.
- HEPA Dual Filtration System

GP 1/27 EXT SPRAY
GP 2/62 EXT SPRAY

Cleaning is consistently evolving, as we seek to meet higher hygiene standards ever more effectively.

IPC is closely connected to the latest and best practises of cleaning and is committed to deliver new solutions that boost cleaning efficiency, addressing those areas and tasks that are evolving fastest.

We have thus developed a complete range of new solutions, responding to the latest precautionary practises focused to protect communities all around the world.

All in one vacuum to spray

Vacuum-spray, double function machine with injection/extraction functions included. With **HEPA** Dual Filtration System.

1 - Quick connect into spraying mode

Immediate connection of the unit into spraying mode allows this product to spray all types of surfaces with a professional spray gun.

2 - Deepest cleaning of hard and soft surfaces

With the powerful pumps featured on our models, deep cleaning is guaranteed from carpets, upholstery, car interiors and hard surfaces such as panels and windows.

3 - Highest filtering standards in wet or dry conditions

Equipped with dedicated filtering system with highest class HEPA efficiency in both wet & dry vacuuming modes thanks to DFS (Dual Filtration System) protecting the filter itself from contact with liquids.

All in one vacuum to spray - *Spraying mode*

Spraying lance easily connected, available on 2 machines for both portable and heavy-duty uses.

Fully tested for using water solutions with either:

- Hydrogen peroxide 0,5%;
- Sodium hypochlorite 0,5%;
- Quaternary salts 1,5%.

For professional use. Not for flammable or corrosive chemicals or detergents.

GP 1/27 SPRAY EXT (Portable)

- 3 liter external tank
- Light & compact

GP 2/62 SPRAY EXT (Heavy Duty)

- 90W by-pass pump for continuous use in spraying mode.
- 25 liters external tank.

All in one vacuum to spray - *Highest filtering standards in wet or dry conditions*

The **DFS (Dual Filtration System)** is a carefully **designed system to fully protect** the suction motor and sensitive components from the corrosive action coming from the use and/or suction of detergents.

Special designed upstream filter cartridge

- Stops any solid particles that could escape from liquid collection.
- The external polyester layer of the filter assures no corrosive fumes or aerosol gets to the motor.
- Internally the HEPA H14 layer traps small particles in the filter, avoiding the remission in the air of dangerous residuals.

Floating protection

A floating protecting system prevents the collected liquids from reaching out into the motor and from getting in contact with the filter.

All in one vacuum to spray – *Surface cleaning*

In injection/extraction mode maximum performance is achieved thanks to powerful pump. A full range of accessories allows to wash and vacuum different type of surfaces.

CARPET

Ideal for spot cleaning.

UPHOLSTERY

Excellent for sofas, chairs, curtains, mattresses, etc.

CAR-WASH

Seats and interiors.

HARD SURFACES

Floors, surfaces and windows.

All in one vacuum to spray – *Other features*

90W pump:

GP 2/62 features a unique heavy-duty by-pass pump made by IPC.

External tank for detergent and disinfectant: for quick filling and emptying operations

Drain hose: for quick and easy dirty tank emptying

Quick connect: for fast switching between the extraction accessories and the nebulizing lance

Switch blocking system: allows a continuous use of the nebulizing lance for room saturation

Independent suction motors: for modulation of suction power according to application

Practical accessory holder: for the accessory kit always at hand

All in one vacuum to spray - *Accessories*

GP 2/62 SPRAY EXT is equipped with all the accessories required to complete deep cleaning. With one machine and selected accessories it can:

- 1) Spray various types of chemicals
- 2) Clean with detergent solutions
- 3) vacuum solids and liquids

1

PROFESSIONAL SPRAYER KIT

High resistance spray gun
60cm length

2

2,5M FLEX HOSE + CARPET NOZZLE AND UPHOLSTERY TOOL

3

2,5M FLEX HOSE AND ALL REQUIRED ACCESSORIES

All in one vacuum to spray - *Accessories*

GP 1/27 SPRAY EXT is equipped with all the accessories required to complete deep cleaning. With one machine and selected accessories it can:

- 1) Spray various types of chemicals
- 2) Clean with detergent solutions
- 3) vacuum solids and liquids.

1

PROFESSIONAL SPRAYER KIT

High resistance spray gun
60cm length

2

2M FLEX HOSE + CARPET NOZZLE AND UPHOLSTERY TOOL

4 Fixing clips for
hydrolytic hose included

3

2M FLEX HOSE + WET/DUST TOOLS AND SMALL ACCESSORIES
